Education & (Technical) Skills: B.Eng(Civil), PMP, Scrum, MS Excel, MS Project, AutoCAD

Experience

Technical Advisor
Consulting Firm

Faro/Portugal.

Process Consultant (Remote)

01/2023 - Present

Key achievements:

- Provided coaching for an E-commerce company specializing in handmade gifts, conducting a gap analysis in business processes to enhance revenue flow.
- Developed a roadmap for product improvement and new revenue streams, leading to successful digital storefronts in the U.K. and Canada.
- Assisted a Mental Health Firm's transition to digital services, optimizing therapist and client onboarding, and implementing SOPs for better client experiences.
- Reduced therapist onboarding times from 6 to 2 weeks while establishing a client feedback loop for quality assurance

Shinnen Enterprise
Residential Construction & Renovation Firm

Lagos, Nigeria.

Supervising Engineer (On-site)

09/2022 – 12/2022

Key achievements:

- Spearheaded the total renovation of a multifaceted property made up of a 4 BR duplex, 2 bungalows and 2 3-car garages, addressing plumbing, electrical, roofing and structural aspects.
- Led multiple stakeholder meetings to finalize design upgrades to plumbing, electrical, water supply, storage and general living spaces.
- Obtained government permits for renovations and new builds.
- Interviewed multiple general contractors comparing quality, price, proximity and delivery time to decide best fit providers.
- Navigated the challenge of owners living on-site by efficiently organizing content storage and living arrangements, minimizing disruption.
- Reduced project timeline by engaging multiple contractors for simultaneous work, ensuring progress.
- Overhauled the plumbing system, replacing bathtubs with shower stalls equipped with grip bars, enhancing accessibility for disabled users.
- Installed a new sewage system, fixing seepage due to the collapse of the old sewage system.
- Installed a water pressure pump, laid new piping, providing reliable water supply throughout the property.
- Updated wiring and installed mood lighting, significantly improving the ambiance of the living spaces.
- Reconstructed external drainage systems, rebuilt sections of the perimeter wall, and installed a steel gate, enhancing property safety and aesthetics.
- Resolved water damage issues by replacing roof sections, effectively stopping leakage.
- Constructed a fully equipped security outpost with sight lines to all perimeter fences.

CHISOBEM NWOKEDI

Chisobem@outlook.com | +351963442344 | Portugal

Sales Consultant (On-site)

12/2016 – 12/2017

Key achievements:

- Developed a highly effective appointment-setting system that exceeded targets by an exceptional 200%.
- Successfully scheduled 10 -12 high-quality meetings each week, surpassing expectations within a three-month period.
- Consistently exceeded sales quotas over nine months, showcasing exceptional sales skills and a goal-oriented mindset.

ENY Construction
Full-Service Construction & Leasing Firm

Calabar/Nigeria.

Intern (Onsite)

04/2013 – 04/2014

Key achievements:

- Ensure accurate installation with French-speaking construction workers to uphold structural integrity and prevent potential collapse.
- Implemented an identifier system to guide the team in selecting the appropriate steel combination for each section.
- Conducted a 2-3 week testing phase using four different materials to find durable tags capable of withstanding weather conditions.
- Created tags for each column and provided thorough training to ensure understanding of the numbering system.
- Applied the same tags on column bases on-site and cut sections in the warehouse for additional verification.
- Achieved 100% accurate installation of grids during a period of absence, despite language barriers and lack of supervision.
